At Pink Papaya, we embrace a lifestyle of “inner balance, outer beauty,” which defines the lives and aspirations of our Pink Papaya family. These can be hectic and stressful days of over-scheduled children, long work hours, and just too much to do. Let Pink Papaya take you away from all this and provide you with the inner peace and pampering you deserve!

At Pink Papaya, come have fun with people you’ll like and products you’ll love. Our products are made with the highest quality and most natural ingredients possible and with only one person in mind...you! Since our beginning in 2006, our customers have loved our unique products such as our sweet almond oil foot crème, cranberry orange hand scrub, shea butter hand crème, hydrate facial gel, and our facial mask with papaya extract.

We are pleased and excited to introduce Pink Papaya **COLOR**, a line of high performance and mineral cosmetics. The **COLOR** line offers a variety of foundations, beautiful eye shadows, bronzers, luscious lip solutions and striking blushes. **COLOR** enhances the impact of your appearance, while imparting vitamins and botanicals that nourish your skin.

Beyond **COLOR**, we are introducing the use of many new natural ingredients in our products such as plum and hempseed oils, mango butter, and calendula, passiflora, beet, and apple extracts. Additionally, we have expanded our inspirational jewelry product line. Our jewelry adorns you with beauty while carrying motivational messages.

Try our new products and you will discover why we’re so excited! We know you will enjoy them as much as we enjoyed creating them. Join us, and embrace the “inner balance, outer beauty” lifestyle of Pink Papaya.
